Now.

Always Count on Angelus for Quality and Innovation.

Founded in 1910, Angelus invented and patented machinery for producing double seams on cans that is still recognized worldwide as the industry standard. The new Angelus 5K Can Seamer represents a century of perfecting this process into the new standard of durability and reliability.

With five seaming stations, the 5K handles larger can diameters from 307-701 and heights from 306-1000 at up to 500 cans per minute. The 5K also features type 316 stainless steel castings and components that enhance corrosion resistance and reduce maintenance costs.

Angelus: 95 Years of Seaming Excellence.

For more information, call
323-583-2171, Fax 323-587-5607

INTRODUCING TWO GREASES THAT MAKE EVERYTHING RUN SMOOTHLY.
INCLUDING TOUGH COMPLIANCE INSPECTIONS.

Global Lubricants

We've made two new additions to the Chevron food machinery product line: premium Chevron FM CSC EP grease and multi-purpose Chevron FM ALC EP grease. Both are high-performance greases that will keep your machinery running smoothly and in compliance with food industry regulations. Want to see how great peace of mind can be? Call 1-800-533-6571 today for your free sample.

Food & Beverage Center of Excellence

- Fast to market execution
- Increased manufacturing flexibility
- Reduced energy operations
- Cost-saving approaches

These are a few of the successes we've proudly help our customers achieve for 50 years.

We combine a full range of design and project management tools with our global network of resources to help solve your complex challenges, wherever you are. AMEC has offices in major cities throughout the world.
