Lockwood Greene

Lockwood Greene (www.lg.com) is your global business partner for engineering and construction serving food & beverage clients throughout the U.S. and internationally. Founded in 1832, the company employs 2,200 professionals in 20 offices worldwide with a complement of resources to enable your successful product launch.

We provide the full range of engineering and construction services for planning, processing, packaging, warehousing and distribution. Lockwood Greene's food & beverage team minimizes the time it takes to get your capital project fully operational with testing, training, validation and start-up services to enhance your business agenda and operational needs, as well as meet that critical product-to-market window. Lockwood Greene is a wholly-owned subsidiary of CH2M HILL. (www.ch2m.com).

Meritech

Meritech, Inc. of Centennial, Colorado, manufacturers of the popular Clean-Tech, Automated Handwashing Systems, is proud to present the latest addition in hand and boot sanitizing equipment, The ProTech-Solution.

The "ProTech Solution" is a high throughput unit capable of washing hands and sanitizing boots on a continuous traffic flow basis. The ProTech gives you a standard wash/rinse hand wash cycle while sanitizing the boots at the same time. Also available as a hand wash only system. Placed at the entrance/exit of your critical areas, ProTech ensures SSOP hand/boot washing while your employees are on the move. ProTech is in high demand due to the fact that it can wash and sanitize twenty (20) people per minute.

The ProTech-Solution will be featured at the Poultry Expo in Atlanta, January 28-30th in booth #5473. Visitors will be able to view and demonstrate the system first hand! If you are unable to attend the Poultry Show, feel free to call Meritech at (800) 932-7707 for more information.
